

## Product Technical Data Sheet

## Backlit Ikonos

**Symbol: BAM 130 SM**

### General description

Backlit Ikonos is coated polyester (PET) adjusted to illuminated frontprint posters. The external polypropylene side, designed for painting, is coated with a special layer, which superbly absorbs any kind of applied solvent ink.

### Application

Adjusted to any kind of back-light applications (including city lights and light boxes), as well as all displays and expo-lightning systems. Perfect for illuminated frontprint posters.
